

Didsbury Has Progressed During Past Fifty Years

The following is the supplement to Mr. Weber's article on the early settlement of Didsbury.

By 1905 and 1906 we may say the pioneer stage of the district had expired. Here is a sketch of its present set-up, including the town.

Unfortunately the plant of the Rosebud Flour, feed and cereal mill was completely destroyed by fire in October, 1948. This loss has been keenly felt by both town and district. Nevertheless Didsbury is still boasting of its modern set-up, with only a blending and packaging warehouse of the above.

Four grocery stores, three dry-goods and clothing stores, a good fifty room hotel with coffee shop, tables and bar-room. Several restaurants and a confectionery, two banks, two hardware stores, jewelry store, plumbers, shoe repair shop, radio shop, feed mill, local saw mill in the foot hills, planing mill and a lumber yard. Telephone office, bake shop, rooming houses, three real estate and insurance agencies, novelty store, machine shop, two blacksmith shops, a new and second hand store, six elevators with grain storage capacity of over half a million bushels. A printing office with weekly edition, ten garages with filling stations, three wholesale gas stations, a creamery with powdered milk addition, a cheese factory, milk dairy, drug store and stationery.

Four implement agencies, post office, two law offices, town library, barber shop, beauty parlor and carpenter shops. Two meat markets, two resident painters. The population of the town is nearly 1200.

Churches And Halls

Six churches in the town and five in the district plus several school house appointments. Two bible colleges with dormitories, five community halls.

Education

A public and high school covering 12th grade work, technical school, home economics and library. Didsbury's entire town staff now consists of fourteen teachers. Didsbury is the centre of the enlarged school division with offices and school located here.

The district schools are from four to five miles apart. Buses are employed in many cases. In the winter there is an art class. Our high school principal has been elected President of the Canadian Teachers' Federation. Also, Superintendent of the Technical Training for Canadian schools was chosen from Didsbury two years ago. Our former

October Meeting Of Bancroft Institute

Mrs. F. Hoskin was the hostess at the October meeting of Bancroft W.L., held on Friday, October 13, with nine members and three visitors present. The meeting opened by singing "Father We Thank Thee" and reading the "Creed". Roll call was answered by a famous saying.

Final plans were made for the annual bazaar to be held October 20 at Bancroft. A letter of thanks is to be sent to the secretary of the Bazaar in Carstairs for displaying the quilt.

The cancer films and book social at Lone Pine hall was discussed. Miss Smith, district home economist, was present and gave a very interesting and helpful talk on color in the home.

Patricia Hoskin won the raffie. The meeting closed with God Save the King, and Mrs. Hoskin served a very tasty lunch.

WHY WE NEED THE NEW SCHOOLS

If you pass by the local school at noon hour on a weekday you will see numerous groups of children sitting around in circles on the ground eating their lunch. It has been suggested that new students should build picnic shelters for summer use so that these children would have at least the conveniences afforded to the children in the wilds between Banff and Jasper. Possibly the social studies students could construct igloos for winter use.

This situation is brought about by overcrowding of the schools. There is simply no place there except the class rooms and a small remnant of a basement for use for this purpose.

If you think this is not good enough for your children be sure and vote in favor of the new school by-law. The situation can only be cured by more room.

Medical And Health

Three resident doctors, a twenty six bed hospital with x-ray and surgical equipment and a full staff of nurses. A full time doctor and two nurses operate a clinic for the benefit of the district. Then, too, we must not forget the undertaker and the dentist.

Community Entertainment And Sport

Municipal Council division office is located here. Town Council, Board of Trade, Fish and Game Association, Women's Institute, I.O. D.E., Masonic Lodge and Eastern Star, Legion with Women's Auxiliary, Lions Club, Red Cross Society, curling and hockey for which there is a large arena provided. Baseball, tennis, an annual carnival event, horse and harness races. A nine hole golf course, a daily picture show and a billiard hall.

The annual agriculture fair features calf clubs, grain judging, field plots, and lectures on weed control.

Transportation

Our train service consists of four daily passenger trains each way. Three carry mail and express. From five to eight Greyhound buses supplement train service daily each way. Freight trains and trucks handle the freight. The highway is hard-surfaced from Calgary to Edmonton.

Waterworks And Sewage

Like many of the smaller towns has installed waterworks and sewage in the main part of the business and residential sections of the town. This will do

(Continued on Page 3)

Walther League To Have Hallowe'en Party

"Since the main truths of the Bible are clear enough to be understood by all, why is the church on earth divided?" This and similar questions formed the discussion at the Redeemer Walther League meeting held on Tuesday, October 10. A very interesting hour was spent discussing these questions with the entire group participating.

The next League meeting will be held on Tuesday, October 24, with Eddie Amundson as topic leader. The group also decided to have a Hallowe'en party on November 1.

The treasurer was instructed to order The North Light Rays, a monthly publication for the Walther League in the Alberta-British Columbia district, for each home represented in the Redeemer Walther League. It was mentioned that Rev. Fox has been appointed editor of the publication.

Finally, the Leaguers decided to go some clean up work around the church before the snow comes.

The serving of lunch brought the meeting to a close.

The annual meeting of the Didsbury Curling Club will be held in the waiting room of the curling rink on Tuesday, October 24, at 8 p.m. Election of officers and other important business will be discussed. All members are urged to be present.

New President of U.N. Assembly

Ambassador Nasrollah Entezam of Iran (left) was elected President of the Fifth Regular Session of the United Nations General Assembly, now meeting at Flushing Meadow and Lake Success, N. Y. U.N. Secretary-General Trygve Lie congratulates Mr. Entezam.

Mrs. Roy McArthur Hostess To Knox United Church

Sixteen members and friends met Monday evening at the home of Mrs. Roy McArthur for the regular monthly meeting of the Woman's Missionary Society of Knox United Church. Mrs. C. Thompson, vice-president, was in charge of the meeting. This was the thank-offering meeting. Mrs. Reid Clarke gave the devotion, the theme being "Christ's Disciples Bring Light." Mrs. C. Armstrong took the study for the evening, a chapter from the book "The United Church Re-enters Japan." Mrs. E. Kercher gave a fine community friendship paper on visiting the sick and shut-ins.

At the close of the meeting Mrs. McArthur served lunch. The next meeting will be on November 20 at 8 p.m. at the home of Mrs. N. Clarke.

F. J. Niddrie Named S.C. Standard Bearer

Fred J. Niddrie, of the Mount District West of Olds, was nominated Social Credit standard bearer in the forthcoming by-election to be held in the Olds constituency on November 16th.

Mr. Niddrie was nominated on the third ballot, taking among the 104 delegates representing 40 locals. A member of the Olds Municipal Council and a councillor of the Municipal District of Mountain View No. 49, Mr. Niddrie has had considerable experience in public life and in defeating four other candidates for the nomination he has the support of the locals in the constituency.

The seat being contested in the Olds constituency was left vacant by the death of Norman E. Cook, a member of the Social Credit caucus for the past ten years.

It is expected that the Liberals will nominate a candidate to contest the seat at their nominating convention to be held at Olds this week.

Orval A. McArthur of Huxley has been named returning officer, and official nomination day is November 6.

Rugby Bluebells Plan For The Coming Year

The October meeting of the Rugby Bluebells was held at the home of the president, Marilyn Hoosegood. The meeting opened with the singing of the club song, "Do Your Eyes Hang Low." Roll call was answered with "what you did on your vacation."

Final arrangements were made for the food sale to be held Saturday afternoon, October 21, in the Massey Harris show room.

The program for the coming year was made up, after which some of the seniors helped the juniors make flower pots for the mothers.

The hostess served a delicious lunch, and the tea draw was won by Vera Blain.

Members are reminded to have their two items for the sale at the Massey Harris show room in Didsbury by 2 p.m. on Saturday.

Clayton Jackson has disposed of the Old Hardy farm to Wm. Collinge. The deal was handled by Hughie Roberts.

Services In Calgary For Mrs. Herbert Liesemer

Mrs. Herbert C. (Annie Laurie) Liesemer, 1907 5A St. W., Calgary, died in the Holy Cross Hospital on Tuesday, October 10, following a brief illness.

Born in Harrowsmith, Ontario, she moved to Calgary in 1924, and in 1925 to Didsbury where her husband, Dr. H. C. Liesemer practised his profession of dentistry. The family resided here until 1946, when they went to Calgary to reside.

Mrs. Liesemer was a member of the P.E.O. Sisterhood, the Cosmo Club, and the United Church. Besides her husband, Dr. Herbert C. Liesemer in Calgary, she is survived by a son, Stewart, in Kingston, Ontario, a daughter, Shirley, in Calgary; and two sisters, Mrs. Joan Babcock in Hartington, Ont., and Mrs. Ethel Sheller in Foxboro, Ontario.

Funeral services were held Friday, October 13, at 2 p.m. from Gooder Bros. Funeral Home, Calgary, with Rev. Dr. Gerald Switzer officiating, and burial followed in Queen's Park Cemetery.

Mrs. Wilshusen Host To Westcott Institute

The Westcott W.I. met at the Westcott church on Thursday, October 5, with Mrs. H. Wilshusen as hostess. There were 18 members present and roll call was answered by each giving a "short sketch of your life" and modelling of their projects.

It was decided to send the sum of \$5 to the Travellers Fund for the W.I. Girls' Club. Letters of thanks were read from those who received cards, etc.

Plans were completed for the chicken supper which will be held in the Westcott church basement on the evening of October 27. "Pack Up Your Troubles" was sung, and Mrs. H. Goetjen gave her famous Canadian pot, choosing Lorne Green, a radio announcer.

Miss Smith will be the guest speaker at the next meeting and she will talk on "Upstairs." Anyone interested is cordially invited to this meeting which will be held on Wednesday, November 1st, at the home of Mrs. A. Robertson, instead of at the home of Mrs. L. Ray.

NOTES FOR THE WEST

Willing Workers Tie Quilt For Red Cross

The Elton Willing Workers met at the home of Mrs. Arnold Hogg Wednesday of last week with nine members present and a quilt was made for the Red Cross.

Due largely to the busy season only six members of the Willing Workers Club attended the meeting held at the home of Mrs. H. Jackson on Wednesday afternoon. Roll call was answered with "a trick you have played on Hallowe'en, or one that has been played on you." The final date for the sale of work is November 21. The money prize was won by Mrs. J. Cowie.

The November meeting of the Willing Workers Club will be held at the home of Mrs. J. Jackson.

Mrs. J. Woolway returned to her home of Red Deer on Monday after spending the past two weeks visiting with Mrs. J. Hoosegood.

Thrashing is again at a standstill and not much prospect of starting up again this week. Mr. and Mrs. L. Hampton of Edmonton visited at the Banting home over the weekend. Mr. and Mrs. Wilbert Papke of Big Prairie spent Sunday with Mr. and Mrs. Arnold Hogg.

Mrs. E. Campbell and Sharon were Calgary visitors Tuesday of last week.

Ken Cassidy Buys John Deere Ag. At Vulcan

The John Deere Farm machinery agency, operated by the partnership of C. M. Allen and H. W. Brice for the past two and a half years, has been sold to Ken Cassidy of Red Deer.

During their term of ownership Allen & Brice built up the agency to the point where last year they had the highest gross sales of any John Deere agency in the whole of Canada.

Mr. Cassidy has years of experience in the farm equipment business, having operated the Oliver agency in Red Deer for some time. He will take over the business the middle of this month.

Mr. and Mrs. Cassidy and their family will reside in the W. A. Schenck house—Vulcan Advocate.

E. T. Wiggins Speaks To I.O.D.E. On World Education

The October meeting of Mions Chapter I.O.D.E., held last week, was very interesting, thanks to the various speakers, and a very pleasant evening was enjoyed by all the members.

The highlight of the evening was the talk given by Mr. E. T. Wiggins on World Education, and the topic that hit home was the need for bigger and better schools. A clear vision of the subject made all mothers realize the need for a larger school right here in Didsbury and its importance to our children. The members all agreed that when voting time came they would cast their ballots for improvement and education, and hoped that all parents would do the same for the benefit of the children.

WESTERDALE

Silver Anniversary Of Mr. & Mrs. John Cowie

A group of some seventy relatives, friends and neighbors gathered at the Westerdale hall on Thursday evening to honor Mr. and Mrs. John Cowie on the occasion of their silver anniversary. A brief session of dancing was conducted by Mr. T. Bolton after the honored couple entered the strains of "Here Comes the Bride," played by Miss Dorothy Bishop.

Two pleasing vocal numbers were rendered by Miss D. Bishop and two enjoyable guitar and harmonica selections by Mr. Ed Conway. Mr. Andrew Cowie, son of the honored couple, entertained with his projector and showed some interesting pictures, after which all enjoyed a tasty lunch served by Mrs. A. Buckley, Mrs. J. Finnie, Mrs. J. Watt, Mrs. A. Cowie, Mrs. J. Schrader, Mrs. T. Bolton, Mrs. W. Herbert, Mrs. L. Jones and Mrs. Norma Buckley.

Mrs. T. Bolton spoke briefly and extended to the honored couple best wishes and congratulations. The presentation of several pieces of silverware and a large mirror were presented to Mr. and Mrs. Cowie, on behalf of those present, by Mrs. W. Herbert.

Relatives present at the celebration were Mr. and Mrs. A. Cowie Sr. of Calgary, Mr. and Mrs. A. Cowie Jr. of Edmonton, Mr. and Mrs. J. Watt, and daughters of Cremona, and Mrs. Long of Calgary.

Dr. and Mrs. Lee of Calgary, and an aunt, Mrs. Lee, visited last Thursday afternoon at the home of Mr. and Mrs. A. Jackson.

Mr. and Mrs. N. Eby and family of Cremona and Mrs. M. Eby and son of Water Valley were Sunday visitors at the home of Mr. and Mrs. Bolton.

Due largely to the busy season only six members of the Willing Workers Club attended the meeting held at the home of Mrs. H. Jackson on Wednesday afternoon. Roll call was answered with "a trick you have played on Hallowe'en, or one that has been played on you." The final date for the sale of work is November 21. The money prize was won by Mrs. J. Cowie.

The November meeting of the Willing Workers Club will be held at the home of Mrs. J. Jackson.

Building Donation By Redeemer Ladies' Aid

Mary, the mother of Jesus was the topic discussed at the Redeemer Ladies' Aid meeting on Thursday, October 12. Basing his remarks on Sacred Scripture, Rev. Fox showed that Mary was a sinless human being, but that she gave birth to the sinless Son of God. Many of the legends that have grown around Mary were also discussed. It was further pointed out that being an ordinary human being, she died as a human being.

The Aid decided to donate \$10 received from the sale of items from the Westcott Church to the Church Building Fund. A lengthy discussion on the fall sale, and the election of various committees culminated with setting the date of the sale for Friday, November 10, at 7:30 p.m.

The Aid made arrangements for catering to two weddings. Mrs. E. Pieper was appointed as the Sick Callers for the month of November.

The meeting closed with lunch.

DIDSBURY HOSPITAL BIRTHS

Born at the Didsbury hospital to Mr. and Mrs. J. Heidebrecht on Thursday, October 12, a girl. To Mr. and Mrs. Alex Hunter of Carstairs on Saturday, October 14, a girl.

To Mr. and Mrs. E. Gooding on Saturday, October 14, a girl.

Complete Plans For Big Shopping Carnival

Final preparations are now being completed for Didsbury merchants' third shopping carnival, which will be held from Thursday, October 26, to Saturday, November 4, both dates inclusive, and over \$265 in prizes will be given to lucky ticket holders at the close of the big event.

The shopping carnival will be conducted along the same lines as the previous big events, with one ticket being given at the store where purchase is made for every dollar in merchandise or services bought by the customer. While there is a limit of 100 tickets on any one purchase, shoppers may secure as many tickets as they wish, and every dollar spent gives the customer an extra chance to win one of the five big prizes.

The eight-page folder advertising the shopping carnival is now in preparation and will be in the mails early next week.

A complete list of the prizes and other particulars will appear in the next issue of The Pioneer.

\$219,572 PAID INTO CAR FUND OF PROVINCE

Alberta motorists paid \$219,572 into the unsatisfied judgment fund during the six months between April 1 and September 30, 1950. A total of \$117,933 was paid out of the fund during the same six-month period. Of this amount \$14,289 was paid out in the form of hospital and medical expenses for persons injured in motor vehicle accidents, \$13,784 was miscellaneous payments, and the remainder, \$89,860, was paid as damages awarded plaintiffs obtaining judgments.

WESTCOTT NOTES

(Last Week)

Mr. and Mrs. Ron Burton of Calgary and Mr. Lee Jacobson and Miss Tessie Bertha of Bellevue spent a very pleasant weekend with Mr. and Mrs. Linden Jacobson. Miss Margaret Robertson and Miss Beoyce Goetjen, students from the Westcott school, spent the week of Thanksgiving at their homes here.

Miss Phyllis Hughes R.N., and Mr. Bob Hughes of Calgary also were home for the long weekend. Mrs. Goetjen's son, arrived here over the weekend from Chilliwack, B.C., and has now taken up residence in Didsbury where she intends to reside in future.

(This Week)

The pupils at Westcott school enjoyed a couple of days holiday last week while their teacher Mrs. Ethel Korschuh, has the three-day crew to cook for.

Former residents of this district, Mr. and Mrs. Clyde Wilson, and now of Blain, Wyo., were visitors at the Lawrence Reinhardt home.

Best wishes are extended to Mrs. James Hughes from her many friends out this way. Mrs. Hughes is a patient in the Didsbury hospital.

Mr. and Mrs. John Bogner spent a couple of days in Calgary on the week end.

Mr. and Mrs. Otto Folkman were supper guests at the home of Mr. and Mrs. Charles Topping last Sunday evening.

Mr. Les Oliver has been here from Rosedale, B.C., looking after business interests and renewing acquaintances. It might be of interest to those who follow ladies' softball to hear that word has been received that the ball games in the provincial playoffs between the Olds and Manville girls teams, which were protested by Olds because of illegal pitching, have been awarded to Olds because Manville refused to replay the games. Marjorie Goetjen and Marce St. Clair, both well-known players from Didsbury, who have helped the Olds girls along to victory, have now realized their ambition to be on the team that has won the Provincial Cup. Parents got in a few more licks at thrashing and combining last week but on Saturday more moisture fell and with Sunday warmer and drier hopes again mounted for an early start, but Monday morning the weather man decided to again change his plans. However, some outfits were putting the grain through, but it never was dry, so it couldn't be anything but tough on Monday.

Don't take that crossing Blindfolded!

Impaired visibility, due to a clouded or frosted windshield and side windows is blamed for a considerable number of the 413 railway crossing accidents reported to the Board of Transport Commissioners for Canada for the 12-month period ended June 30th. These accidents took 140 lives and brought injuries to 549 others. A railway crossing, whether protected by special signals or otherwise, is an admitted hazard to the motorist, and under the best of conditions—full daylight and clear vis-

ion—the operator of a motor vehicle should approach every crossing with proper caution. Keeping windshield and front side windows clean and free of frost or mist is one thing the motorist can do to reduce the toll of crossing accidents. Other safe practices. Don't race the train—it is probably moving faster than you think if you have to take the crossing slowly. change into second gear to prevent stalling. Make sure when you see one train clearing a crossing that there is not another train behind it moving in the opposite direction.

FOR FALL WEAR

Fellows, try this idea for comfort and style on these cold days.

USE A PURE WOOL V-NECK SWEATER WITH A CONTRASTING "T" SHIRT UNDERNEATH

We have a good selection of both "V" Neck Sweaters and "T" Shirts by "St. Michael."

MARRIAGE ANNOUNCEMENT

MACDONNELL-AUSTIN — In the Chapel of Christ Church Cathedral, Vancouver, on October 16, 1950, by the Very Rev. Dean Cecil Swanson, Francis Macdonnell, 1st Officer S.S. Hecate Straits, to Elizabeth Berry, daughter of Mr. and Mrs. W. A. Austin, Didsbury. Mr. and Mrs. Macdonnell will reside at 356 West 10th, Vancouver, B.C.

EAST NOTES

The Lone Pine and Bancroft W. L. is jointly hold a box social, picture show and dance on Nov. 3rd, and ladies are asked to bring boxes. Everybody welcome.

Mrs. Lucy Thompson of Calgary and her niece and nephew of Cranbrook visited with Mr. and Mrs. Albie Thompson on Sunday. In the evening Mr. and Mrs. Schumaker and girls and George Long visited at the Thompson home. Mr. and Mrs. Walter McCulloch, Leonard, Jessie and Stanley Schumaker were Turner Valley visitors on Sunday with Mr. and Mrs. Jas. Fraser and family and Mrs. Isabelle McCulloch and family.

Best wishes are extended to Betty Fraas who had an appendix operation on Saturday.

Mr. and Mrs. Hughes and daughter Olwen were Sunday visitors with Mr. and Mrs. Underhay. 17.

Best wishes are extended to Mrs. Otto Bittner and son Ralph who are both patients in the Didsbury hospital.

Word has been received that Mrs. Charles Mardon has had her final operation and that she is progressing favorably.

Mr. and Mrs. Rathburn visited recently with the former's mother at Eaton, Sask.

Mrs. George Clarke is helping her sister Mrs. Joe Hunter who has not been feeling too well.

Donald Thompson, Gus Bittner and Clifford Baptist motored to Leduc on Sunday.

Mrs. Harry Richardson was hostess to a tea at her home on Friday, October 13, when her sister, Mrs. D. E. Witwer of Calgary, demonstrated the Stanley Home Products. Mrs. H. Pross was winner of the bird contest, and Mrs. Sam Elliott won the lucky draw contest.

MELVIN NEWS

Mr. and Mrs. Jay Chandler and family of St. Thomas, Ont., are visiting at the home of Jay's parents, Mr. and Mrs. Lloyd Chandler. Jay has accepted a position in Calgary, so they will again locate in the west. Welcome back!

Congratulations to Mr. and Mrs. A. Jackson (nee Olga Dupont) on the birth of a daughter in the Olds hospital on Tuesday, October 17.

Wedding bells echoed in our district on Monday when Anna Dupont became the bride of Mr. Bill Bernard of Olds, and best wishes for a happy future are extended by their Melvin friends.

We hear that the bells will ring shortly for another local couple.

Mr. and Mrs. C. D. Penney and daughter Susan of Vancouver are visiting several days this week at the home of Mrs. Penney's aunt, Mrs. G. Youngs.

Roads permitting the Melvin W. L. will meet at the home of Mrs. A. Schneidmiller this Friday afternoon, October 20.

away with many of the shallow unsanitary wells. The water in the new system is soft, with no unfavorable bacterial contamination.

Livestock and Horses
In pre-truck days Didsbury was noted for its heavy work horses. Today it is noted for its American Saddle Horses, taking many local and national prizes in heavy competition.

Beef Cattle
Short-horns, herefords and polled Angus show up Didsbury very well in the beef class, while holsteins, ayrshires, jerseys and guernseys hold up the dairy standards. In fact we are proud to say that the world record-breaker in butter fat production (Alcartra Gerben) came from Didsbury. Many producers have been flown and shipped to local and foreign countries from here.

Egg Laying
When trapezing was introduced by the Dominion Government, a representative, Mr. Clyde, came to Didsbury and culled out the bouncers and introduced trap nests. Two years later Didsbury's hen was the winner. That record so far as is known has never been broken.

Inventive
Didsbury has contributed its quota of new ideas in certain lines. After the prairie fires were kept out the willow and poplar bluffs again made great growth. In many parts of the district brush had to be cut before breaking was possible.

In 1911 the writer invented a V-shaped cutter attached to a gas tractor then coming on the market. This attached cutter cut a swath of from ten to eleven feet wide and brush measuring up to six inches in diameter and 20 feet high. More than six thousand acres were cleared before and during the first world war and again after the war. This idea was the forerunner of the bulldozer now in use everywhere.

The Provincial Government had over two hundred acres cleared on their experimental farm at Oids

Sport Oddity

During duck salvage operations near Brooks, Alberta, Tom Sterling, DU biologist, spotted a mother pintail with a brood of seven downy young trekking along beside the highway, headed for water. Knowing they had a long way to go, he stopped, gathered the brood into a paper bag and placed them on the back seat of his car. When he drove off, he was amazed to find the female flying alongside the car at 40 miles per hour. He put on speed and found that she fell behind at 45 miles per hour, but speedily caught up when he slowed down to 40. Reaching open water, Sterling turned the brood loose, and as soon as he retreated to the car they were joined by a scolding mother who hurried them to the nearest cover—Field and Stream.

with this brush cutter.

**Rural Electrification
And Rural Mail Delivery**

Didsbury district is well supplied with electric power and more than 300 farms in the immediate territory are now served. Modern appliances now make farm home life much more agreeable.

Rural free delivery of the mail also greatly adds to the farmers' conveniences.

It might be well to add that while we do not have much native fruit in the district, nevertheless, strawberries, raspberries, crabapples, cucumbers, corn and tomatoes are becoming more and more general. The texture and flavor is rich, due to cool nights and high altitude.

Many references could be made to sustain Mr. Shantz's potential possibilities visualized in the beginning of 1903. Oil and gas have since become a great and additional factor in the great west. The Shell Oil Company has control of most of the leases in the district and have done considerable seismicograph work here.

A \$330,000.00 plebiscite is coming before the ratepayers of the enlarged school district for a new school in Didsbury. A home for the aged is also under consideration.

ANNOUNCES THE SECOND ANNUAL

**MASTER FARM
FAMILY AWARDS**

FOR 1950 TO THE FOLLOWING:

Emil Cammaert Family Rockyford, Alberta	Charles J. Kallai Family Tofield, Alberta
Roy Ballhorn Family Wetaskiwin, Alberta	E. S. Parson Family Boyle, Alberta
Fred Labrecque Family Spirit River, Alberta	

The Master Farm Family Award is recognized by an award of \$1,000.00, an engraved plaque and a name plate for the farm entrance.

The purpose of the Master Farm Family program is to find and honor those who have achieved notable progress in farming, home-making and citizenship and who, by their example, are encouraging interest in farming as a way of life. The Department of Agriculture is indeed proud and gratified with the high standard of attainment among the farm citizens of Alberta as revealed by the Master Farm Family program.

**The
EXCELSIOR
INSURANCE LIFE COMPANY**
A STRONG CANADIAN COMPANY

In 1890, when The Excelsior Life Insurance Company opened its doors, the first President was E. F. Clarke, Esquire . . . publisher, member of the provincial parliament, and mayor of Toronto. The Medical Referee and moving spirit in the new undertaking was Dr. John Ferguson.

If these two worthy gentlemen, who helped launch a great Canadian enterprise, could visit the company today, we think they would congratulate today's President, Major-General A. Bruce Matthews, on what their successors have added to their own accomplishments.

For Excelsior Life has, indeed, come a long way from its modest beginnings in the gas-lit era of hoop skirts and mutton-chop whiskers. Today the company has over a quarter of a billion dollars of insurance in force, protecting . . . Canadians. More than five hundred expertly trained and carefully selected agents represent the company from Sydney, N.S. to Victoria, B.C.

And today, as always throughout the Company's 60-year history, the name "Excelsior Life" stands for strength, stability, and service to policyholders.

Feed Lots and Weed Control

Those feeding livestock this winter are advised to pay strict attention to the regulations on feeding screenings as set out in the Noxious Weeds Act. This section provides that no screenings shall be used as feed for livestock unless used within an enclosure which shall be subject to the approval of a weed inspector.

Construct suitable shelter now before the ground freezes. The feed lot should provide ample accommodation for the cattle but it should be small enough to confine them so that they are not scattering weed seeds over a large area. An adequate place for storage of weed screenings is also essential to prevent blowing and scattering of weed seeds. When moving screenings by truck, the load should be completely covered with a good tarpaulin, securely tied down to prevent scattering of weed seeds along the route of travel.

Seed Germination

If you expect to buy seed, sell seed, or plant seed you produce yourself, make sure it is good seed and that it will grow. To determine the purity and germination of the seed, supply a sample to your elevator agent who will arrange for a germination test and analysis. With frost damage widespread, good seed will be scarce. It is therefore advisable to arrange early for your seed, before the good grain is shipped out of the country.

Oil Pipeline Will Help
Canadian Economy

The turn of a valve in Edmonton on October 4 started the flow of crude oil to Regina, 415 miles away. This venture will save Canada at least \$150 million a year, currently being spent for foreign crude oil. It will also diminish the problem of obtaining petroleum from abroad in time of war, when petroleum is usually difficult to obtain.

Speaking at the inauguration ceremony, the Right Hon. C.D. Howe, Minister of Trade and Commerce, pointed out that petroleum and the construction of a pipeline between these two centres and thence to the shores of Lake Superior were essential in the Canadian preparedness program.

Mr. Howe explained that the event at which he was officiating was only the initial chapter in the story. "Before many months go by this pipeline will be extended to the nearest tip of Lake Superior, a distance of nearly 1200 miles," he said. "After that, Alberta, rather than the United States, will be the major source of supply for petroleum products consumed in the Province of Ontario. This pipeline is not only a new unit in the transportation system of Canada, but its construction is a vivid symbol of the spirit of enterprise that forms a background for our expanding economy."

EVANGELICAL CHURCH

Rev. A. J. Grams, Pastor

Davenport school: Sunday school and service each Sunday, 10:45 a.m. A friendly invitation to everyone to come and worship with us.

\$500 Now Available
For Foreign Travel

The Minister of Finance announced last week that Form H Permits for travel funds may now be approved by banks and other agents of the Foreign Exchange Control Board for amounts up to \$500 per trip for bona fide business travel and up to a total of \$500 per person during the calendar year for travel for other purposes.

Applications for larger amounts may be referred to the Board and will normally be approved for genuine travel expenditures when the duration of the proposed journey appears to justify them.

The Form H travel permit must still be obtained and surrendered to customs at the time of leaving Canada if a traveller is taking out of Canada more than \$50 in U.S. funds or more than a total of \$100 in both U.S. and Canadian funds. The Form H is considered a necessary protection against the export of capital sums in the form of currency where such exports would not be permitted through other channels.

Individuals may obtain up to \$50 U.S. in any month for travel in the United States where the applicant will not be taking out of Canada more than \$50 U.S. or more than a total of \$100 in U.S. and Canadian funds combined.

Banks and other agents of the Foreign Exchange Control Board will approve applications up to the equivalent of \$2,000 Canadian per year for attendance during a full academic year at a university, college or boarding school in the United States.

Banks or other agents of the Board may also approve permits for expenditures of Canadian dollars or Sterling up to the equivalent of \$100 for each one-month stay in Sterling area countries for a maximum period of six months. Applications for larger amounts may be referred to the Board. A resident may not use U.S. dollars to meet travel or personal expenditures in Sterling area countries.

Peapods were once used to stuff pillows.

WARNING

Every year, many of those who have been putting off anti-freeze protection get caught by an early cold snap. The damage to their cars, trucks and tractors caused by such negligence, is both costly and needless.

Average temperatures map for November

IT'S SO EASY to be sure of safe economical winter protection. Use a glycol anti-freeze you know cannot boil away — lasts all winter. Today, before tonight, get **SHILLZONE** Ethylene Glycol Anti-Freeze for your car, truck or tractor and be SAFE.

Non-inflammable — Non-rusting — Non-corrosive — Non-foaming — Harmless to metal and rubber — Will not creep — Has no unpleasant odour — Will not damage automobile finish.

-:DISTRICT NEWS:-

FALLEN TIMBER

Since the advent of good roads the Fallen Timber district is progressing rapidly. We hear that Mr. Fair and Mr. Erickson are building a store and post office at the junction of the Fallen Timber and Bergen highways, and that Mr. Fyten has started clearing for his new house west of the bridge. Mr. K. Mullens moved his saw mill west to the Holt place this week.

Mr. and Mrs. Cecil Moore, Gary and Monte, and Danny and Jean Howton were overnight guests at the cooper home Saturday. Mrs. Moore conducted regular church services in the Fallen Timber school Sunday afternoon.

Mr. and Mrs. Money and family were supper guests Sunday with Mr. and Mrs. J. McGaffin. Mr. and Mrs. Elmer Bruns and Donald of Carstairs visited their daughter, Mrs. Ray Teynor, last Thursday. Mrs. Teynor and family returned with them to Carstairs to spend a few days.

Mrs. Esther Roberts and children spent the past week with her mother, Mrs. Teynor.

Among those attending the funeral in Olds of Mrs. Ray Anderson were Mr. and Mrs. Cooper, Mr. and Mrs. Alex Moore, Mr. and Mrs. J. McGaffin and Mr. Mark Sweet.

M.V.B.C. NEWS

We are sorry that the student roster for this fall term has not been completed, but owing to the weather conditions a number of the young people employed on farms are delayed. One thing that we can tell you is that the rooms are rapidly being taken. We are very glad for that.

Mountain View Bible College Campus has witnessed some additional improvements again this year. A few alterations have been made in the dining room, as well as redecorating the walls and painting the floor. A large framed color print of "The Lord's Supper" was presented by Pres. and Mrs. Hoskins. This adds very materially to the attractiveness of the room.

The lovely three-room suite in the Airforce building No. 3 will be ready for use in the near future. Rev. and Mrs. Hoskins will be at home to their friends in that apartment this school year.

The music building is perhaps the one which will show the greatest changes. Mr. and Mrs. Neufeld, alumni of the College, and one or two other friends have supplied cash and other materials with which to renovate the place. These improvements will serve to give the studios the dignity in appearance which their functions merit. Both Mr. Richardson, instructor in vocal music, and Mr. Wilson, instructor in piano, are very happy at the prospect of teaching in the handsomely appointed studio which the generosity of these good friends helped make possible.

Several new cement walks were laid during the early fall—not so much mud should appear where it isn't wanted.

We think that you will agree with us that the kitchen has the scene of much activity this summer and fall when you read that: about 240 dozen eggs were put away for use; 675 quarts of fruit canned; 80 gallons of pickle made; about 90 quarts of jams and jellies found their ways onto the pantry shelves. Potatoes are here in abundance, more than 2½ ton truck load at least. Other vegetables are on hand in lesser quantities. Carrots, turnips, beets and onions would be welcome from time to time if anyone has more than can be used at home. Perhaps some bees brought a good harvest of honey this year. Did they make a little extra?

Next week our readers will receive information about the system used by the College for furnishing meat—that very essential item in a balanced diet for healthy youth.

We are very happy to welcome back to our ranks a few of our alumni who plan to take advanced courses. Neil Neufeld '42, who has done some work in the Christian ministry, pastor at Hoadley for 1½ years, and a good deal of evangelistic singing in the Conference of the United Missionary Church in Alberta. Later he took over the farm of the late Mr. Percy Fullerton at Linden. He is resuming school work this fall and intends to major in vocal music.

James Macdonachie, '48, who is pastor of the United Missionary Church at McDougall Plats, is registered for an advanced course, hoping to receive the degree of Bachelor of Theology.

Concerning evening classes this fall, the faculty announces that the opening date was set for November 20. Look for later developments concerning courses offered, etc.

The "wild" people of the Never Never country in northern Australia have exemplary moral and ethical standards.

MOUNTAIN VIEW

Mr. and Mrs. Frank Berg and family visited Sunday evening at the home of Mr. and Mrs. Alfred Morasch.

Saturday dinner guests with Mr. and Mrs. Alfred Morasch were Kenneth and Lyle Shultz.

Mr. and Mrs. Stewart Tighe were Sunday supper visitors with the latter's parents, Mr. and Mrs. Adam Morasch.

Mr. Gordon Stiles and Margaret Atkinson spent the Thanksgiving week-end at their respective homes in the district.

The regular meeting of the Mountain View Women's Institute will be held this Thursday at the home of Mrs. Lawrence Hunter. Ladies please keep this date in mind and try to come. Your order for Christmas cards can be placed at this meeting.

Mr. and Mrs. B. A. Atkinson and daughters spent Thanksgiving day with relatives in the Bowden district.

Mr. and Mrs. James Worrall spent Sunday evening with Mr. and Mrs. Cliff Trenholm and Claud.

Dinner guests Sunday at the Bruce home were Mr. and Mrs. Elmer Rogers and children. Mr. and Mrs. Rex Dawson and Koreen, and Alice Bruce.

Mr. and Mrs. Eric Gooding are the proud parents of a wee daughter, Sharon Fay, born Saturday, October 14.

Mr. and Mrs. Rae Armstrong and family of Olds spent last Sunday at the B. A. Atkinson home.

We are sorry to hear that Mrs. Charles Brado is a patient in the Didsbury hospital.

Mr. and Mrs. Walter Pratt and family were Sunday visitors in Calgary.

Mrs. Morris Snyder spent Friday afternoon visiting Mrs. Walter Pratt.

Mr. and Mrs. Emil Miller and family were Sunday dinner guests at the David Pratt home.

Mr. and Mrs. Raymond Hayne and son visited Sunday evening with Mr. and Mrs. Lawrence Hunter.

Mrs. Arthur Gebers and Mrs. Charles Kohut had tea Thursday afternoon with Mrs. Wm. Shultz.

Miss Alwyn Bittner visited with Kay Atkinson over the weekend.

Miss Hedy Dahl left for Rosthern Sask. to continue her high school studies, having successfully passed her Grade IX at Mona school. Ralph Dahl left the week previous for Saskatoon where he is taking his third year of his B. Sc. degree at the university.

The Neapolis Skating and Curling Club will hold a general meeting in The Neapolis Cheese Factory on Thursday, October 19, at 8:00 p.m., to discuss plans for a curling rink.

A surgeon, an architect and a politician were arguing as to whose profession was the oldest. Said the surgeon: "Eve was made from Adam's rib, and that surely must have been a surgical operation." "Maybe," said the architect, "but before that, order was created out of chaos, and that certainly was an architectural job."

An
Ideal Insurance
PLAN
FOR YOUNG MEN

The Monarch Life Pension Bond Plan pays the your family \$10,000 if you die and pays you a pension of \$100.00 a month if you live.

Your income can start at age 55, 60 or 65, whenever you decide that you will wish to take life a little easier.

Best of all you can start out with a half unit, a quarter unit, even 1/10 unit and pick up the rest as your financial situation improves.

See me for details at your age.

THE SPREAD IN GRADES —

An effort is being made by the grain trade to make it appear that the Wheat Pools are responsible in some degree for the spread in prices between grades of wheat put into effect by the Wheat Board this year. The Alberta Wheat Pool denies any such responsibility. No member of the Wheat Board ever discussed with the Alberta Wheat Pool the question of spreads between grades.

The fixing of spreads between the grades is the responsibility of the Wheat Board. That Board has made it clear, however, that when the final payment is made all the monies received for each grade will be paid out to the producers.

Little Donna Wiggins, 5-year-old daughter of Mr. and Mrs. E. Wiggins of Didsbury, has contracted poliomyelitis and was admitted to the Calgary Isolation Hospital where latest reports are that she is progressing favorably.

Dr. and Mrs. S. M. Thompson and two sons have returned to their home in Pentleton, B.C., after spending two weeks visiting with Mr. and Mrs. Jack Topley, and with friends in the district.

A few outfits again started to thresh last week, but their run was short-lived when light rain brought more moisture. After clearing somewhat on Sunday, another storm struck Monday with light rain, which turned to snow Monday night and once more the grain is soaked and too wet to thresh. Only about half the grain in the Didsbury district is harvested, although it is hoped fine weather will prevail soon so that the crop can be garnered before freeze-up.

The new pump for the well at the butte to supply water for the new system has not arrived, and the old pump is now being installed in the hopes that it will provide sufficient water for the present. The disposal plant is almost completed and if all goes well the water may be turned on within the next week.

Hughie Roberts has opened a new and second hand store at Carstairs and Ira Roberts will be the manager. Hughie was in Carstairs this week for the grand opening of the store.

FISH PLANTS FOR CANADA

A Newark firm has just exported to Canada several plants for converting surplus fish and fish offal into edible meal, chiefly for cattle food. The plants include 40-ton Formatic backing machines which break up the material fed into them and pass it to the sterilizers for "cooking." The product appears from 34-foot steam jacketed drying cylinders ready for grinding and bagging. These units are used for treating non-fatty white fish such as cod.

WILL ABOUT FINISH 1950 HIGHWAY PROGRAM

At least 90 per cent of the Alberta road program will be completed this year, according to information received by officials of the Alberta Motor Association.

Road crews are taking full advantage of suitable weather in all parts of the province with the result that the projects have been well advanced. At the same time there are several of the major undertakings which cannot be finished this season. They will be first on the list for finishing touches for next spring.

Reports show that the hard surfacing program also is being carried on as planned. A stretch from Grand Prairie to Beveridge is about completed.

The B.C. government also is reported to be starting to improve the link leading from the Alberta border to Pouce Coupe. There is now a gravel stretch from Pouce Coupe to Dawson Creek, the southern end of the Alaska highway. Work also is being carried on on the Trans-Canada highway stretch, east of Calgary, where it is planned to spend \$1,700,000 this year.

UNITED CHURCH

Rev. C. C. Armstrong, minister of the services will be held at the regular places and times.
